

RE: Your Future
richardreichard.com

Dear Neighbor:

My name is **Richard Reichard** and I'm running for **Congress** because I want:

- *You to be able to **find and keep a job** that allows you to provide for your family.*
- **Social Security** and **Medicare** to be there when you, your children and grandchildren retire.
- **College** to be affordable for **everyone**.

*I'm not interested in going to **Washington** to cater to **big money special interests**. I'm seeking your vote because:*

- *I want to grow our economy and put millions of Americans to work at jobs that cannot be shipped overseas. We can create the **jobs of today** by investing in much needed **infrastructure** improvement and the **jobs of tomorrow** by developing **new technology**. To ensure that our workforce is qualified for the jobs of the future I will fight to make **college affordable** and **student loan debt** manageable.*
- *I support a **fairer tax system** that eliminates **loopholes the wealthy and corporations** use to avoid paying their fair share. However, I'm against **raising taxes on the middle-class**.*
- *We must protect **Social Security** and **Medicare**. I will defend against Social Security being replaced by **private accounts, subject to the whims of the investment markets**, Medicare **from being replaced with vouchers** and **eligibility and retirement age increases**.*

The vast amount of money **large corporations** and **Super PACs** spend influencing elections and policy (**\$5 billion** just for this year's **presidential election**) is corrupting our political process. To reduce big money's influence, I support a **constitutional amendment** granting Congress (nationally) and each state (locally), the authority to regulate campaign contributions

I hope that I can count on your vote on November 8th.

Sincerely

Richard Reichard
